Authorisation no. 2002-294

GENERAL TERMS AND CONDITIONS

1) Registration

French or European automotive wholesalers or professionals who wish to participate in sales on the website www.vehiposte-occasions.fr must register in advance in accordance with the conditions set out below.

Users must accept these General Terms and Conditions to validate their registration.

If their registration is accepted, BCAuto Enchères for Véhiposte will send the user a personal, confidential code by e-mail, within 48 hours. This confidential code enables bids to be placed. Any user who discloses the code to a third party shall be solely liable.

Mandatory information for registration:

- Certified copies of Kbis company registration document or articles of association
- A photocopy of the ID card or passport of the legal representative
- Valid intra-community VAT number
- Acceptance of these General Terms and Conditions by means of a signature.

BCAuto Enchères reserves the right to deny any non-registered Automotive Professional access to Auctions and to request any additional information or documents before validating its Registration.

BCAuto Enchères also reserves the right to suspend access to Auctions at any time to an Automotive Professional who has not yet provided any additional information or documents.

2) Sales process

a) Internal combustion-engine vehicles:

BCAuto Enchères auctions used vehicles only, on the website www.vehiposte-occasions.fr. Vehicles are offered for sale 'as is' with the original administrative documents, i.e.:

The registration certificate

The certificates of the administrative status issued within the last two months and free of any pledge

A certificate of administrative status shall only reflect the administrative status of a vehicle on the day of its issuance.

BCAuto Enchères reserves the right to withdraw any vehicle over which there is a claim or dispute after the start of the auction.

The descriptions and reproductions featured on the site are the property of BCAuto Enchères and may not be reproduced for commercial purposes without the express consent of the owner or their beneficiaries. The Automotive Professional shall be responsible for having compatible technical equipment and hardware enabling it to access online Auctions.

Only registered users are authorised to place one or more bids. The time of the auction is Paris time, as shown on the vehicle information sheet.

BCAuto Enchères reserves the right to refuse any bid that appears doubtful, for any reason whatsoever. The Seller Véhiposte is not authorised to bid on a vehicle it owns. Even if it acts as an intermediary, an Automotive Professional Bidder is deemed to act on its own account and shall be personally liable.

Users should note that the display of bids on the screen may be delayed in relation to universal time, depending on the user's software configuration.

The sale will take place on the day indicated by BCAuto Enchères and will begin at 09:00, followed at 15:00 by an XBID session allowing automotive professionals registered on the site to place a bid for each lot, presented in ascending numerical order. Each bid placed on a lot will reset a 15-second timer. Transfer of ownership will take place once the winning bid has been accepted and the vehicle will be under the bidder's responsibility from this point onwards. Unlike with traditional electronic commerce sites, the purchase is confirmed when the winning bid is accepted rather than when payment is made.

b) Electric vehicles:

The sales process is identical to the process used for internal combustion-engine vehicles as described in article 2 a).

The resale of used Renault electric vehicles whose battery is owned by DIAC Location implies that the owner of the vehicle will enter into a battery leasing agreement. Automotive professionals who purchase electric vehicles may enter into a professional automotive buyer/reseller framework agreement with DIAC Location to facilitate the battery leasing process and benefit from preferential terms.

Pricing:

For a Kangoo Z.E under a professional automotive buyer/reseller framework agreement, **first two monthly instalments for battery leasing at €10 excl. tax**, followed by standard customer pricing from the third month onwards (€54 excl. tax for 625 km/month for a Kangoo Z.E).

1) BCAuto Enchères will send purchasers' contact details to the DIAC Location Batloc department to organise the leasing agreement. DIAC Location's customer services department will contact professional purchasers to set up a framework agreement.

2) Professional purchasers must also sign a New Lessee Declaration of Commitment according to the battery leasing agreement, based on the prices stated above.

3) Professional purchasers must also inform the purchaser of an electric vehicle that the battery is subject to a leasing agreement and send in:

- the New Lessee Declaration of Commitment, including the vehicle's mileage on the day it is handed over, signed by both the seller and the purchaser (appendix 1 of the General Terms and Conditions of Sale).

Please send these documents as soon as possible by post to Diac Location - service DIAC Location, API URA 75, 14 avenue du Pavé Neuf, 93168 Noisy-le-Grand cedex, or scan/e-mail them to dl.service-client@diaclocation.fr

4) The leasing agreement includes a guarantee that the battery will remain in working order throughout the leasing period. The customer is guaranteed a minimum battery capacity of 60%.
The lease includes 24-hour assistance, seven days a week. Even if it runs out of charge, the vehicle will be towed to the Recharging Point selected by the customer from the list of nearby recharging points selected by the Assistance Provider, within an 80 km radius.

5) The Buyer is informed that the activation of the Battery in his name will only be done at the time when Diac Location will be in possession of the regularized rental contract and the necessary supporting documents for the monthly deduction of the rents. The Buyer is informed that, failing the signature of the rental agreement and the transmission of the supporting documents, the buyer is exposed to a risk of a break in the Battery's functionalities eight days after a failed formal notice has been sent by suspending any possibility of recharging the battery by the services of DIAC LOCATION and / or to legal proceedings and the recovery of the battery.

3) Bid, payment and vehicle delivery

Once the sale is over, the purchaser will receive an e-mail from BCAuto Enchères stating that they are the winning bidder for the vehicle (or vehicles) concerned.

The bidder must then pay the amount of the bid within **three working days** of the sale.

Payment may be made by bank transfer or bank cheque.

Once payment has been made, the original administrative documents (vehicle registration document, etc.) will be handed over with the vehicle. Failing this, it may take up to 15 days to obtain them. They will then be sent to the address indicated.

If payment is not made within the time allowed, BCAuto Enchères will be obliged to cancel the sale and the bidder may be subject to immediate closure of their account, and to legal proceedings.

The maximum time for vehicle pickup is 10 days from the date of sale. Thereafter, **parking** costs will be charged at the rate of **€5 ex-VAT (€6 including tax)** per additional day.

Pickup of the vehicle may only take place after full payment of the purchase price.

The purchaser is responsible for insurance following the acceptance of the winning bid.

4) Payment terms and parking charges

D is the number of days after the sale, excluding weekends

Maximum payment terms	Parking charges
D+3	D+5

5) Selling costs – internet sales

The amount paid by the purchaser will be the amount of the bid, plus any parking charges if applicable (article 3). Purchaser do not pay any costs on sales made through www.vehiposte-occasions.fr.

Véhiposte will be entitled to invoice selling or administrative costs for certain exceptional sales. The amount of said costs will be shown on the website or individual lots.

6) Right of withdrawal / Guarantees

Moveable items sold at a public auction are not covered by the right of withdrawal.

Full details of the vehicles are available on the website www.vehiposte-occasions.fr. According to these principles, each bid placed and each award is final and no complaint of any nature shall be accepted after the winning bid is announced. The sale is made without any kind of guarantee, at the winning bidder's expense and risk, notably concerning the descriptions, in particular with regard to the vehicle being in working order and more generally, all the information provided, this being given for indicative purposes only.

As a consequence, winning bidders may not take any action against anyone whomsoever or for any reason whatsoever, even as a result of latent, apparent or hidden defects, to terminate the agreement or claim damages or a reduction in the price.

7) Service offered

- Vehicle shipments:

We can offer you rates negotiated with numerous transport companies. Please contact our logistics manager at the following e-mail address for a price and indicative deadline: fr.livraison@bca.com

8) Liability

Only professionals with full legal capacity are permitted to register.

An ID check will be carried out when payment is made and the vehicle is delivered to the purchaser.

BCAuto Enchères' liability is limited to taking the necessary steps to ensure that bids are awarded correctly.

BCAuto Enchères declines any liability for matters for which purchasers or sellers are responsible.

The display on the website of the photographs and descriptions of vehicles, even during the course of auctions, is treated as advertising governed by the legal requirements for sale by auction.

Confirmation of the General Terms and Conditions of Sale implies acceptance thereof.

Any bidder has a right to access and modify their personal data shown on the website. Personal computerised files are declared to the CNIL in accordance with legislation in force.

9) Possible exemption from VAT on export

Only vehicles on which VAT can be recovered are indicated as such in the sale catalogue and are affected by the paragraph below.

Exemption from VAT applies to the amount of the vehicle, selling and transport costs.

VAT rate in effect in the automotive sector = 20%.

We will reimburse the VAT by bank transfer on receipt of the documents.

10) Law on data protection and civil liberties - Access to personal data

- BCAuto Enchères warrants that it complies with its obligations, including those concerning security and confidentiality, under French Law No. 78-17 of 6 January 1978 relative to data protection and civil liberties as amended on 6 August 2004 (law on data protection and civil liberties).
- In this respect, and in accordance with the law on data protection and civil liberties, any Bidder and Purchaser has a right to access and modify their personal data featured on the Website. Personal computerised files are declared to the CNIL in accordance with legislation in force.

11) Assignment of jurisdiction

These General Terms and Conditions shall be interpreted according to French law. Jurisdiction for any disputes is assigned to the competent courts for the district in which BCAuto Enchères' registered office is located. In the event of a dispute, the Commercial Court in Créteil shall have sole jurisdiction.

I represent that I have read the General Terms and Conditions of Véhiposte by BCAuto Enchères.
